

## Financial Policy Notice:

At Your Health, we believe in fostering clear and open communication with our patients, including transparency in financial matters. As part of our commitment to providing you with quality healthcare, we would like to outline our financial policies for your understanding.

For patients with insurance coverage, we accept most major insurance plans and will conduct the billing process directly with your insurer. However, we ask that you familiarize yourself with your insurance policy, including co-payments, deductibles, and any services not covered. We understand that some patients may not have insurance coverage or may require services that are not covered by their insurance plans. In such cases, we offer discounted self-pay rates to alleviate financial burdens. Our business office manager is available to provide further information and assistance regarding self-pay options. We accept various forms of payment including checks and major credit cards.

We hope that this overview of our financial policies provides clarity and reassurance regarding your financial responsibilities as a patient at our primary care practice. Should you have any questions or concerns, please feel free to reach out to your local care team or regional business office manager.

Thank you for choosing Your Health for your healthcare needs. We look forward to continuing to serve you with compassion and excellence.
